Subject: Assumption edit to MitRule preamble requested by Lee
Attachments: Assumption edit for Lee.docx

Folks:

Attached is a redline showing how we propose to edit the preamble discussion regarding the rule text edits related to assumption to now also include a reference to the Army's assumable waters memo and the EPA's 404g rulemaking (per Lee's request). Brittany borrowed from language that had already been vetted for other purposes to put this together.

Please let me know if you have additional edits by NLT 10 AM on Tuesday.
